Comiskey Park, Oct. 3.—Kerr's phenomenal pitching gave the White Sox the victory in the third world series game here today, the score being 3 to 0. Kerr allowed the Cincinnati Reds three hits, scattered through as many innings, and one base on balls, and at no time during the entire game were they even in a dangerous position to score. Fisher pitched fair ball for Cincinnati, but his fielding was not so good, an error by him being a contributing factor in the White Sox scoring. The Sox, however, obtained seven hits and several of them were at fairly opportune times.

Weather Perfect.
Perfect weather and what promised to be a capacity attendance greeted the Reds and White Sox.

At noon the far reaches of bleacher stands showed a mass of humanity, a thousand of whom had camped outside the gates all night.

The huge grand stand was practically deserted two hours before play began.

The Reds made their appearance on the field at 12:40 and stuck close to their dugout. They were closely followed by the White Sox who immediately began batting practice. The crowd cheered both teams.

James served up benders to the Gleason line up, which showed that Kerr, was taking his regular position in the batting order. Ruchter, Salee and Ring warmed up in front of the Cincinnati bench.

The Reds took the field at 1:10. Bressler began to serve up a few offerings and the visiting players walloped the ball to all corners of the lot. The Reds were evidently not superstitious as they had 13 men in the diamond and field handling the drives of their batters.

The usual battery of photographers and moving picture operators made their appearance and obtained action pictures as well as numerous poses. A half hour before game time the grand stand was approximately half full while there were many unoccupied seats in the pavilions and bleachers, but the crowd was coming through the gates.

The Sox took the field for final practice at 1:45 and Jackson was given an ovation by the left field bleacher fans, and Fisher warmed up for Cincinnati and Kerr for the White Sox. At 1:52 the umpires came up on the field. Umpire Quigley will be behind the plate; Nallin on first; Rigger on second and Evans on third.

The umpires held a conference with Manager Moran and Captain Groh, of the Reds, and Manager Gleason, at which ground rules relative to over throws were discussed.

FIRST INNING
REDS—Rath led off and was thrown out, Risberg to Gandil. Rath's ball was a slow bouncer and easily handled. Daubert followed with a fly to Felsch. Groh fanned. He missed the last strike which was a low one over the outside corner.

No runs, no hits, no errors.
SOX—Leibold up. He sent a line drive to Neale, the latter coming in fast and got it at his shoe tops, turning a complete somersault, but holding the ball. Eddie Collins went out, Fisher to Daubert. It was an easy grounder. Weaver sent a high lob to Daubert.

No runs, no hits, no errors.
SECOND INNING
REDS—Roush hit the first ball pitched to Risberg, who threw him out at first. Duncan singled to right center. It was of the Texas league order. Kopf drove to Risberg, who threw him out at first. Risberg muffed the ball around until it was too late to get Duncan at second. Neale out, Eddie Collins to Gandil.

No runs, one hit, no errors.
SOX—Jackson up. He took a terrific swing on his second strike. Then he opened the second inning for Chicago with a clean single to left. Felsch up. Felsch laid down a sacrifice which Fisher threw into center field in an attempt to catch Jackson, the latter landing on third and Felsch on second. Gandil singled into right, scoring Jackson and Felsch and taking second on the throw to the plate. Risberg walked. Schalk up. Gandil was out when Fisher threw Schalk's tap to Groh. Risberg reached second and Schalk first. Kerr up. Rarden threw to Groh, thinking Risberg was going to steal, but Risberg hurried back to second safely. Risberg was forced when Fisher took Kerr's easy tap and threw to Groh. Schalk going to second and Kerr first. Liebold up. Groh speared his drive and threw him out at first.

Two runs, two hits, one error.
THIRD INNING.
REDS—Rarden up. Kerr seemed to be putting them over the plate but they

CAROLINE TAYLOR IS DISMISSED BY JUDGE

Chicago Jurist Holds Evidence is Not Sufficient.

By Associated Press Leased Wire
Chicago, Oct. 3.—Miss Caroline Taylor, a former resident of Dixon, was dismissed today by Municipal Judge Hazen after the evidence against her on a conspiracy charge had been submitted.

In a statement Miss Taylor said that she is a former resident of Dixon and that she had visited there a number of times, the last time several weeks ago.

She was accused of conspiracy in forgery by Aaron Maasch, in that she had helped him in an effort to keep him away from his sweetheart, John L. Hinckley. In company of Miss Taylor and others Maasch is said to have shown her his ability with the pen, and he accused her of offering to furnish checks and names on a "fifty-fifty" basis.

After hearing this evidence Judge Hazen said it was insufficient to hold her.

STEEL STRIKERS HAD STOLEN CAR THAT IS HELD BY LEE OFFICER

Young Trio in County Jail Confess to Theft of Indiana Car.

Charles J. Schiller, Jack Senger and Joe Taylor, young steel strikers from one of the Gary, Ind., steel plants, late yesterday afternoon made a confession to Sheriff Frank A. Schoenholz and Deputy John Gaffney at the county jail, admitting that the car in which they were riding was stolen by them. The trio were arrested shortly before noon yesterday in the vicinity of the Luther Burkett farm, east of Dixon on the Lincoln Highway on their way from Chicago to Davenport.

At the time Schiller claimed that the car was his and had a bill of sale which he showed the sheriff. In his confession he told of changing the bill of sale which was originally made out for an Overland car to suit the Buick. Their lack of knowledge as to the type of the car and the horsepower of the engine also was quite noticeable on the bill.

The three young men stated that they lived at Whiting, Ind., and that when the steel plant at which they were employed was closed down by the strike, they did not know what to do. Late Monday night, they went to the home of Joe Jerek, a neighbor and entering his private garage, drove the car directly to Chicago. They had received their pay checks and remained in and about Chicago until Wednesday morning.

Went Broke In Chicago.
Durnin said that time they had gambled to some extent and all three were without funds. They concluded to drive the car to the tri-cities, Davenport, Rock Island and Moline, where Schiller had formerly lived. They were not suspected of the theft until yesterday morning when they stopped at a garage in Rochelle and offered to exchange an old tire and a cheap watch for some gasoline and oil. The garage owner became suspicious and notified the authorities but the party had left in the mean time and word was telephoned to the Dixon authorities. When taken in custody, a traveling bag in the back seat of the car contained several articles of clothing and a cheap revolver.

Sheriff Schoenholz telegraphed to the secretary of the state's office at Indianapolis, giving the Indiana license numbers which had not been removed. He received a reply yesterday afternoon stating that the numbers belonged to a car which was stolen from Joe Jerek's garage at Whiting, Ind., on Wednesday evening of this week.

The owner was communicated with over the long distance telephone yesterday and stated that he would come to Dixon and reclaim his property. The three youthful bandits claim that this is their first offense and each one appears to be equally repentant for the act.

INQUEST SHOWS HEART TROUBLE CAUSED DEATH

Coroner S. J. Whetston went to Eldena yesterday afternoon where he conducted an inquest over the body of the late Joseph D. Heimbaugh. The wife of the deceased was the only witness and she testified to finding the lifeless body when she arose yesterday morning to prepare breakfast. Mr. Heimbaugh had long been a sufferer from rheumatism.

The jury after hearing the evidence, returned a verdict in which they found that death was due to valvular heart trouble. The funeral will be conducted from Eldena church Saturday morning at 10 o'clock. Rev. Johnson of this city will preach the funeral sermon. Burial will take place in the DeWolfe cemetery.

STRIKE AWAITS SENATE LABOR COM. DECISION

Twelfth Day Finds No Change in Steel Strike Deadlock.

By Associated Press Leased Wire
The twelfth day of the steel strike opened today with virtually no change in the situation at the steel producing districts. Both the employers and strikers apparently were holding firm pending the result of the investigation being conducted by the senate labor committee in Washington.

Employers in the Chicago and Youngstown districts reported more men returning to work but strike leaders disputed these claims and insisted that the strikers were remaining loyal to the union. The only change in the situation at Bethlehem was the announcement by steel union officials that bricklayers and plasterers had walked out in sympathy with the steel workers.

Joe Jerek, the owner of the stolen car, arrived in Dixon at 3 o'clock this morning for his machine, and started home with it soon after breakfast, but up until an early hour this morning no word had been received concerning the return of the confessed thieves to Indiana for trial. They are therefore being held in the county jail, pending instructions.

PAW PAW IS STATION IN GREAT AIR RACE ACROSS CONTINENT

Is Made Emergency Stop in Event Which Begins Wednesday.

Mayor J. H. LaPorte, of Paw Paw, has been notified by the Director of Air Service, U. S. War Department, that that village has been selected as an emergency station for the great air race between New York and San Francisco, which will start next Wednesday.

The Lee county village is on the direct line of the race, and its official number will be IL215.

A system of numbering every city en route has been devised so that when the aviator passing over that city can readily recognize it by its key number and determine his exact location. A square or rectangle field averaging 60 acres is desired but an "L" shaped field will suffice provided each arm is at least 300 yards wide and 600 yards long and they ask that the ground of the field should be firm under all weather conditions. In the event that the authorities are not able to provide the landing field the numbers are to be placed on the race track or on some prominent vacant space in or near the city. The letters are to be commercial Gothic 30 feet long, the stem approximately 1 1/2 of its height. Space between letters to be 20 inches, coloring, white. Letters are to be placed on N-S line, top to the N. Boards painted white and planted flat make excellent markers but whitewashed letters are allowable and are less expensive. The accommodations at these fields should provide telephone communications, transportation facilities, gasoline, oil and sundry supplies.

At the plant of the American Steel & Wire company, Waukegan, Ill., fewer than 100 strikers returned today but despite this the company insisted that 600 men were at work.

At South Chicago and Waukegan, strike sympathizers were accused of having scattered tacks on the roadways to prevent automobiles carrying strike breakers to the steel mills.

There were no serious disturbances reported although the police made a number of arrests in the South Chicago district.

FIGHT FOR FREE SPEECH

By Associated Press Leased Wire
Pittsburgh, Pa., Oct. 3.—The fight of union leaders for the "right of free speech and free assembly" in Allegheny county, continues to be the most interesting feature of the steel workers' strike in the Pittsburgh district. According to strike leaders, county officials and authorities of municipalities are avoiding responsibility for prohibiting mass meetings and as a result, they say, the workers' lawful right to assemble and hear speeches is being abused.

There were no new developments in the strike situation here today. Union leaders and representatives of the employers made their usual conflicting statements.

LITTLE CHANGE NOTED

By Associated Press Leased Wire
Bethlehem, Pa., Oct. 3.—Little change was noticeable in the strike situation at the Bethlehem Steel company's plant today. Both sides again issued conflicting statements, the company declaring the strike virtually over, while union leaders claimed at least 85 per cent of the men are out and that their ranks are being augmented daily.

CLAIM MORE COMING BACK

By Associated Press Leased Wire
Chicago, Oct. 3.—Officials of steel mills in the Chicago district pointed to reports of increasing numbers of workmen resuming their tasks during the past two days and indications by many other workers of their intention to return to work as upholding their prediction that production today would mount to fifty per cent of normal. Labor leaders maintained their statements, however, that appreciable inroads into the ranks of the strikers were not being made.

WILSON'S CONDITION IS GRAVE

President is No Better Today—"A Very Sick Man."

By Associated Press Leased Wire
Washington, Oct. 3.—"The president's condition is unchanged," Dr. Grayson's bulletin issued at 12:15 p. m. said.

Supplementing his official bulletin, Dr. Grayson told newspaper correspondents that the president's mind was keen and alert and his physical condition fairly good. He also is taking some nourishment.

Dr. Grayson talked with Dr. F. X. Dercum, the noted neurologist, of Philadelphia, over the long distance telephone this morning and will keep in constant touch with him. Dr. Dercum will come to Washington from time to time as Dr. Grayson feels he needs him, while Rear Admiral Stitt, head of the naval hospital here, and Dr. Sterling Ruffin, Mrs. Wilson's family physician, will visit the president daily.

Chicago, Oct. 3.—Reports of a big break in Argentine prices tended today to weaken the corn market here. Un-easiness regarding President Wilson's condition operated also as an evident bearish influence. Besides, the excellent weather prevailing gave an advantage to the selling side. Opening prices, which ranged from 1/4c to 1/2c lower, with Dec. 1.20c to 1.27c, and May 1.24c to 1.24c, were followed by moderate additional declines.

Oats sympathized with the weakness of corn, notwithstanding brisk demands from the seaboard. After opening unchanged to 1/4c lower, with Dec. unchanged to 1/4c lower, the market continued to sag.

Higher quotations on hogs made provisions firm. Business, however, lacked volume.

Increased weakness developed later owing mainly to word that Argentine corn was offered at New York much below what domestic corn either old or new could be delivered for. The close was heavy, 2 1/2c to 4 1/2c, net lower,

CHICAGO FANS STAND IN LINE ALL NIGHT; TODAY'S GAME VITAL

**Betting Favors Cincinnati
Team with Odds at
8 to 5.**

By Associated Press Leased Wire
Chicago, Oct. 3.—Carrying a two game lead the Cincinnati Reds today invaded the home territory of the Chicago White Sox for the third contest of the world series—the game which virtually will decide whether the American league pennant winners are to be serious contenders for the championship or face an overwhelming handicap during the remainder of the series.

The two teams, accompanied by some 2,000 Cincinnati rooters arrived here early today on more than a dozen trains, the Reds confident that they will return to Ohio Monday night possessors of baseball's highest honors and the White Sox determined to overcome their handicap while playing on their home grounds.

In Line All Night
Despite the fact that the White Sox, 3 to 5 favorites before the series lost two straight games to the National leaguers, the followers of Comiskey's team were confident that today's contest would be the start of a winning streak for the favorites and fans began gathering at the baseball park last night, waiting in line to purchase the general admission tickets placed on sale at 9 o'clock this morning.

Women Were in Line
The first fan appeared at the park at 5:30 o'clock yesterday afternoon and shortly later, others appeared. By midnight more than one hundred were in line and all night the ticket seekers increased in numbers. Special details of police were placed at the park but no disorder was reported. Included among the waiters was a fair sprinkling of women, each determined to get a point of vantage for the third game.

In order to prevent tickets falling into the hands of scalpers and to expedite the sale, special arrangements were made by the club management. Each prospective purchaser was required to have exact change for his ticket ready, bleacher seats selling for \$1.10 and pavilion space for \$2.20 including war tax. No person was allowed to purchase more than one ticket and after receiving the pasteboard everyone was required to go directly into the park. Ten thousand bleacher tickets and six thousand five hundred for the pavilion were placed on sale.

In what little betting was reported today on the series the Reds were 8 to 5 favorites. On today's game there were some bets at even money but in most cases the White Sox followers demanded odds. There was plenty of Cincinnati money but few Chicago takers.

Daylight saw five thousand fans gathered at the bleacher and pavilion gates waiting for the 10 o'clock opening but by the time the portals were actually thrown wide, fully ten thousand lined the streets leading to the park. Police reserves flanked the crowd on all sides while sailors and marines assisted the officers of the law.

There were hundreds of breaks in the long lines where card games have sprung up on improvised tables, while toward breakfast time the habit of "holding a place" while its occupant grabbed sandwiches and coffee became general and the unwritten law respecting the ownership of a "place" was observed rigidly.

By 6 o'clock the sale price of a place in the line was \$2 but by 8:30 this had been increased to \$5.

The Southern Baptists are undertaking to raise seventy-five millions of dollars in five years for missionary and educational purposes. The Northern Baptists are undertaking to raise one hundred millions in the same time. The local church is co-operating in these efforts. The Young People's society of the church is arranging for a special missionary service to be held in the auditorium of the church next Sunday evening at seven-thirty. The chief feature of the service will be an address by Rev. Joseph Beech, D. D., president of the West China Union University. Dr. Beech will give both an inspiring and an educational lecture on the work of this great Chinese missionary university. He has had many years of acquaintance with the social and political life of China, and his lecture cannot fail to be of great interest. The choir will furnish special music. In addition

to the other musical features there will be a solo by Mr. James Clemon. A cordial invitation is extended to all who may care to do so to enjoy this program.

PRINCE WILL NOT TOUR U. S.

By Associated Press Leased Wire
Washington, Oct. 2.—The prince of Wales, who is now touring Canada, will come to Washington in about a month for a visit of three days, but he will not make a tour of the United States, Mayor Babcock, of Pittsburgh, has been informed by Chairman Porter, of the house foreign affairs committee. "I am reliably informed," said Mr. Porter, "that it is the wish of the British government that the prince of Wales, upon leaving Canada, should spend but three days in Washington, returning to New York thereafter, from whence he sails for Europe, and that a tour of the United States should not be made."

The eton jacket, the barred panels, the gorgeous beading and fringe trimmings. Close fitting, button sleeves, these of course in the woolen materials, while in the satins where the georgette sleeves are clever combinations, the bell sleeves still hold favor.

The long and narrow skirts still predominate, yet there are many other new features, all are new, all are simple, which is the underlying principle of good taste and good style. Each frock has a charm of its own, and presents the greatest possible value for the price \$22.50 to \$59.50.

LOWDEN AND SOUTH DAKOTA.

The Aberdeen (S. D.) Daily News, in
a recent issue, had the following edi-
torial comment on Governor Frank O.
Lowden:

Governor Frank O. Lowden of Illi-
nois, who visited the house of repre-
sentatives which indicates that the
Lowden presidential boom, started mod-
estly and without any blaring of trump-
ets, is making marked progress. Gov-
ernor Lowden possesses man first-class
qualifications as presidential timber. He
is a farmer, a business man and
lawyer, and he has made good at all
three jobs. Then as governor of the
great state of Illinois during the war,
he filled that position in a manner that
attracted attention to him as one of
the truly great war governors of the
nation. Given a hearty reception by
the house, he utilized the opportunity
to boost for the budget system of fi-
nancing governmental operations, a
good sign of a sound, businesslike head.
It may be that the country will decide
it needs a business man rather than a
soldier, a professor, or a lawyer.

One paragrapher suggests that the
best thing we will ever do for poster-
ity will be to pass on and get out of
the way.

The best time to settle strikes is be-
fore they start.

Success is 99 percent enthusiasm.

BASEBALL

(Continued from page one.)

were low. After three balls and two
strikes Weaver got Rariden's bounder
and had the ball in Gandil's hands with
Rariden several jumps away. Fisher
singled, with a short hit toward third
that Kerr got but fell down in attempt
to field. Kerr almost caught Fisher on
first a moment later. Rath hoisted an
easy fly to Risberg. Daubert up, Eddie
Collins grabbed Daubert's bounder and
tossing to Risberg, forced Fisher.

No runs, one hit, no errors.

SOX—Ed Collins drove a hot single
to left. Kopf made a high leap in the
air and hit touched his fingers going by
but he could not grasp it. Weaver up.
The hit and run game was worked per-
fectly. Weaver getting an easy fly
through short when Kopf went to sec-
ond as Ed Collins started to steal. Col-
lins on second, Weaver on first and
Jackson up. Jackson, in attempting to
bunt, popped an easy fly back of first
that Daubert took care of. Felsch sent
a liner that Groh speared with one
hand and threw to Rath, forcing Weav-
er. Rath relaying it to first, getting
Felsch for the double play.

No runs, two hits, no errors.

FOURTH INNING

REDS—Groh worked Kerr for a pass.
Risberg followed and Risberg took his
slow grounder and barely got him at
first. Groh going to second. Duncan
fled out to Risberg, who tosses to Ed
Collins, doubling up Groh.

No runs, no hits, no errors.

SOX—Gandil up. Groh took his easy
grounder and retired him with a throw
to Daubert. Risberg up. Fisher lost
control of the ball and threw it to the
backstop. Risberg tripled to right. The
ball got away from Neale and rolled at
most to the fence. Schalk up. Risberg
scored on Schalk's easy tap that boun-
ced away from Fisher for a single. Kerr
up. Schalk was out, stealing. Rariden
to Rath. Kerr was thrown out, Kopf
to Daubert.

One run, two hits, no errors.

FIFTH INNING

REDS—Kopf singled to right in the
opening of the fifth. It was a fast
grounder between first and second that
Eddie Collins couldn't quite reach.
Neale up. He drove a grounder to
Gandil, who threw it to Risberg, re-
tiring Kopf, but Neale got to first
safely. Rariden up. Ed Collins took
his bounder and tossed it to Gandil,
retiring Rariden. Neale reached sec-
ond. Fisher's drive to Weaver was
easy, the latter throwing him out at
first.

No runs, one hit, no errors.

SOX—Liebold drove to Daubert,
who retired him unassisted. Ed Col-
lins up. Fisher took his bounce and
threw to Daubert, easily retiring him.
Weaver up. The same way, Fisher grab-
bing his easy bump and tossed it to Daubert.

No runs, no hits, no errors.

Women Senators of Old.

Rome, as early as the year 218
B.C. recognized a senate of women.
This senate, though, differed from most
others by confining its considerations
and its discussions to matters of eti-
quette and dress. The assembly had the
approbation of Elagabalus and held
its meetings in the Quirinal. Cruelty,
extravagance and vice were the out-
standing characteristics of the reign of
Elagabalus. Hence, the necessity of
having conferences of the sort.

WILSON ILLNESS
AND ARGENTINE
CUT CORN PRICE

(Continued from page one.)

Grayson, his physician held another
consultation with Rear Admiral Sitt,
of the naval medical school, and Dr.
Sterling Ruffin, Mrs. Wilson's family
physician, who participated in yester-
day's consultation with Dr. F. K. Der-
cum, of Philadelphia.

The president slept some last night.
With him is a trained nurse who is as-
sisting Mrs. Wilson in caring for the
patient. The president has no temper-
ature, and his heart action is good, it
was said at the white house.

A VERY SICK MAN.

By Associated Press Leased Wire
Washington, Oct. 3.—President Wil-
son, said to be "a very sick man" by
his physician, Dr. Cary T. Grayson to-
day entered on a period of absolute rest
which it is said will be necessary for
some time for his recovery from the at-
tack of nervous exhaustion which a
week ago interrupted his speaking tour.

This course of treatment was an-
nounced last night by Dr. Grayson af-
ter consultation with Dr. F. X. Dercum,
a Philadelphia neurologist, and two
Washington physicians. In his bulletin
Dr. Grayson reiterated his statement
earlier in the day that the president's
condition was "less favorable."

The physicians called in for consulta-

tion, it was said at the white house,
agreed thoroughly with the diagnosis
and the method of treatment outlined
by Dr. Grayson. The president's phy-
sician would not elaborate on his bulle-
tin and the Washington physicians par-
ticipating in the consultation said that
anything regarding the patient's condi-
tion must come from Dr. Grayson.

Although the bulletin made no men-
tion of it, it was learned that Dr. John
B. Dennis, director of the naval dis-
pensary in Washington, visited the
white house during the day.

CONDITION ABOUT THE SAME.

By Associated Press Leased Wire
Washington, Oct. 3.—Although no of-
ficial statement was made by Dr. Cary
T. Grayson, it was understood at the
white house that there was little if
any change in President Wilson's con-
dition early this morning.

Pate, Herder of Illio Legion No. 121, and also manager of Joe Risberg, well known wrestler who is to meet Dan Wolfe, the local mat star, in a match to decide the championship of Illinois, at the Moose Hall in Dixon on the evening of Monday, Oct. 6, was in Dixon yesterday completing arrangements with the local lodge.

STORE VEGETABLES FOR WINTER USE

Washington, D. C., Oct. 2.—Jack Frost soon will kill most of the tender garden crops, even in the South, and home gardeners are advised not to delay in caring for vegetables now in the garden.

A storage cellar or outdoor pit is, of course, the most desirable place to store vegetables, but not every home gardener has a storage cellar or pit at his disposal and some simple and inexpensive method must be provided. A very effective storage, recommended by the United States Department of Agriculture, may be made by partially burying a wooden box or a large barrel on its side in a well-drained spot in the garden. Irish potatoes, carrots, parsnips, radishes, turnips, beets, and winter radishes can be stored in this manner. Cabbage, as a rule, can be stored to best advantage by burying it in the ground, while celery can be placed in a trench and covered with boards and straw or leaves, with an outer layer of soil to keep out frost. Sweet potatoes should always be stored in a warm, dry place, such as a room over the kitchen where there will be plenty of both heat and ventilation.

If no cellar or storage pit is available, a temporary storage should be provided at once, and the various vegetables that are adapted to storage should be cared for before it gets cold enough to injure them. Full information regarding the storage of garden vegetables is contained in the Department of Agriculture Farmers' Bulletin No. 879, "Home Storage of Vegetables," which will be sent free on application. The horticultural departments of the state agricultural colleges also have valuable bulletins and circulars on the home storage of vegetables.

PEOPLE'S COLUMN

CONCERNING TOBACCO.

Editor Telegraph—There were a number of people in the house and the relative cost of a man and a woman, drew many of them in the conversation. One port creature of twenty years, with dazzling eyes and a complexion that blue ribbon and blue dress made radiant, let fall a perfect storm of invectives on the tobacco item. Adolph, who was her manly counterpart, asked her what she would do if she had a husband who smoked. "Do?" she exclaimed. "Why I wouldn't have a husband in the first place who smoked."

"You don't mean to say that the use of tobacco by a man possessing all other desirable qualifications, would prevent your marrying him?" he pursued. "Indeed it would," she responded with great uncton. "Do you suppose I would want to spend my life in a smoke house, he tied to a fellow always smelling worse than a miasmatic swamp, or

to be a subject to a sovereign who is himself a slave to a vile and filthy habit, and if it is not constantly gratified he crosses than a hungry bear? Do you think the women like the abominable stuff because we are obliged to endure the sickening odors out of doors, on sea or land, in boat or car and on promenade? Have you ever, in your natural or acquired conceit, fancied that a cigar in your mouth lifted you up in our estimation? Oh, no! So many often say to themselves, 'Money to burn.' 'Fire at one end, fool at the other.' Do you imagine that the sight of spittoons gives us thrills of delight? Be gracious, son of Columbia, and tell us if such things have had place in the masculine heart."

Adolph clapped his hands and wished she would say it over, just as she had, she looked so "splendid." He, himself, did not smoke, but he had never supposed that women were so deeply opposed to the use of tobacco. "When consulted as to its offensiveness," he said, "I have frequently heard their replies, and almost invariably they smile sweetly and say, 'Oh, no sir, I beg you not to forego your cigar on my account.' Sometimes, too, a lady adds, 'Indeed, I rather like the odor.'"

"Oh, the deceitful creatures," shot in Dazzling Eyes. "That is one of their social lies, for every unpurported woman hates the abominable stuff. But half the woman race are demoralized fools. They have an idea that if they pretend to like the bad habits and failures of men, that men in their turn will regard them as amiable and sensible above those who have the honesty and sterling frankness to say just what they think of them. Why, I have known women to be in an atmosphere charged with tobacco smoke, and laugh and smile and talk divinely to the only animals degraded enough to make use of the vile stuff, until their heads would reel, their stomachs prove treacherous and after reaching another department

Has Thanksgiving Every Day

"Two years ago, after suffering many years with stomach trouble, I took a course of Mayr's Wonderful Remedy and haven't been sick a day since. I can eat anything I want and have no pain at all. Three doctors had advised operation, but your remedy has cured me. Every day is thanksgiving for me." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by druggists everywhere.

drop down in a dead faint or lie abed for the next twenty-four hours with a sick headache, say they like it.

"Indeed, women say their boots and dresses are 'perfectly comfortable' when they are in such pain from them that one unaccustomed to such torture would scream out in agony. 'Tis a libel on the sex if you say we don't object to it. We do object. All within us revolts at tobacco in every form. It is the incarnation of filth and disgust. The attempt you make to refine it, to make it 'nice' is as hideous as all efforts ever are to gloss over vice. It doesn't add to your manliness; it only adds to your depravity; it illustrates your weakness, your false method of living, your self antagonism, a thousand times more than any you could speak. But the worst of all is your pernicious influence. Every individual smoker who flaunts his pernicious vice in public places, where young boys and lads can look upon them, ought to be incarcerated in a penitentiary. Think of it 'disolute men.'"

Tender, fair-faced little boys, not old enough to comprehend the nastiness of it—that's English but horribly expressive—the unmanliness of it, the extravagance of it, polluting their lips and mouths with it because men older and wiser and richer, men whom they have been taught to look up to, to emulate, do so outrage their existence. Oh, how I wish I could speak to every youth in the world and in a voice sweeter than a siren's tone and potent as the voice of

God in nature, tell them the truth of this matter and beseech them in the name of all that is noble and pure and sweet in humanity to never soil their lips with its vile presence.

SEN. SMITH, GEORGIA, SAYS TREATY CANNOT PASS WITHOUT CHANGE

Democratic Senator De- clares Reservations Must Be Made.

By Associated Press Leased Wire

Washington, Oct. 3.—Opposing textual changes necessitating re-submission to Germany but declaring ratification without reservation to be impossible, Senator Smith, democrat, of Georgia, in the senate yesterday proposed seven reservations to the peace treaty.

Senator Smith's first reservation is a substitute for the amendment of Senator Johnson, republican, California, designed to equalize the voting power in both the assembly and supreme council under the league of nations. The next three are similar to those reported by the senate foreign relations committee affecting the right to withdraw from the league, the Monroe doctrine and reserving the right of this country to control its own internal affairs.

The fifth reservation covers article ten and Senator Smith said the United States could not assume, under article ten or any other article, obligations to preserve the territorial integrity or political independence of any other country or in case of controversies between other nations, to engage in economic boycotts. The reservation further provides that mandates cannot be accepted for this country without congress approval.

As new reservations, Senator Smith proposed that the reparations commission could not interfere with commerce between the United States and Germany except with this country's consent and that all persons filling position created by the treaty must be appointed by the president with the senate's consent. Amendments to the league covenant also would be ratified by the senate.

If you are weak, dizzy, tired and nervous from the "after effects" of enervating diseases, the tonic, strength renewing REOLO Treatment will restore your strength—revitalize the exhausted blood, eliminate the toxic poisons—tone up the heart and nervous system and give renewed vigor, vitality, strength and energy.

Pain, headache, backache, nervousness, dizziness, anaemia, dyspepsia, biliousness, congestion, constipation, etc., are but Nature's warning signals that the blood is full of deadly germs or that the cells of some part of your body are starving for their natural food—just as a plant droops and dies for lack of water.

Any tissue of the body deprived of oxygen dies at once. The life of each individual cell is brief and without oxygen no new cells can be built; neither can they without the necessary cell salts.

The cells are not fed. They feed themselves but do not feed blindly upon every substance that comes their way. They know how to choose the particles they wish to absorb. Nothing foreign to their constituent parts can be forced upon them except to produce injury or death.

REOLO

Restores Vigor and Vitality

eliminates the toxic poisons, rapidly increases the red blood cells—revitalizes the blood with life-giving oxygen—and restores strength and energy. It tones up the heart action and nervous system—stimulates the digestion, and assimilation—renews the exhausted cells. REOLO makes the weakness and dizziness that are so frequently the after effects of the "Flu" and other enervating diseases disappear as shadows vanish before the sunshine.

Oxygen is the life-giver—necessary to maintain life. REOLO absorbs the oxygen from the air in the lungs and carries it into the blood—rapidly oxidizing or revitalizing the red blood cells—and increasing the amount of hemoglobin in the blood, sending through the entire body a stream of rich, vitalized, health-giving blood that nourishes every cell, of the nerves, tissues, brain and bones.

By special arrangement with the Dr. A. L. Reusing Laboratories, Akron, Ohio, we have been appointed Licensees for the distribution of "REOLO" direct from the Laboratories, each package certified by Dr. A. L. Reusing and positively guaranteed to give satisfactory results or we will gladly refund your money. Large box of "REOLO", (100 tablets) price \$1.00.

FARMERS NEED ORGANIZATION

Farmers must be paid for the cost of production plus a fair profit or the cost of living will ultimately go higher and higher.

Long hours of labor, work of the wife and children, self-denial of pleasure, education and many good things by the whole family, and the exhaustion of soil fertility have all made it possible to pay for farms.

Take away the rise in land values and the farmers of Illinois would have nothing left to show for their life's work.

The 1910 census shows 53.7% of population in rural communities. Farmers need at least this per cent of representation in state and national legislation.

The first need is to study production and marketing methods and then work for the benefit of the producer and consumer.

The first step is a strong, representative, level headed, hard working organization of real farm folks.

These two organizations need you:

BILIOUSNESS Caused by Acid-Stomach

SANDRA THE JEALOUS

By JANE PHELPS.

SANDRA EMULATES LEOLA.

CHAPTER LXXXIX.

Everett had been called to the telephone almost before he had closed the door. Hetty had answered the call, and had said:

"A lady wishes to speak to you, sir." I stood at the head of the stairs, ready to rush down and welcome Everett, when she spoke. He had not seen me, so I drew back into shadow and waited.

"Yes—really, I feel flattered. Yes—in half or three quarters of an hour. Very well, I promise."

As he hung up the receiver, I called:

"Is that you, Everett?"

"Yes."

"You will have to hurry—you are late tonight."

He had come up the stairs as I spoke.

"I am going out, so run down and eat your dinner."

"Out to dinner?" I could not keep the disappointment from my voice, although I held up my face for a kiss as usual.

"Yes."

"Where are you going, Everett? I have been blue all day. I had so hoped we might have a nice evening!" To my surprise, he answered my question instead of either ignoring or evading it as was his custom.

"I am going to Mrs. Barton's. She wants a fourth for bridge, and asked me to oblige her."

"She—didn't ask—me?"

"No," impatiently. "Didn't I tell you she only wanted me to make a fourth at bridge?"

"But I could look on. It would be better than sitting alone." He paid no attention to my remark, but hurried with his dressing. Hetty just then announced dinner, and he told me—no, ordered me—to go down at once.

"And do not sit up for me. I shall be very late most likely. Irma's bridge parties are usually long drawn-out affairs."

"I don't want any dinner, Everett, if I have to eat alone. Let me stay with you until you are dressed. Later if I am hungry, I will have Hetty bring me something on a tray."

"Go down to your dinner at once! I am surprised that you should act so foolishly."

Forcing back my tears, I left him. I was so hurt that I did not call to him when he went out, or run to kiss him as usual. He just put his head in the dining room door long enough to say:

"Good night," and to repeat his caution about retreating.

"Why should he be with another woman while I am alone?" I said to myself, as I choked back a sob. "It isn't fair. And Leola wouldn't sit meekly here alone while he was having a good time. I won't either—I'll do something!"

I thought of the letters, but somehow I just couldn't read any more love talk of Leola's. But Everett had said he would be late. I would go up into the attic after Hetty and Mrs. Gray were in bed, and bring the rest of the letters down to my room and hide them, then return the keys to the place which I had taken them.

I wandered into the music room and

played a little. Then the telephone rang. To my surprise and embarrassment, it was Walter Kemp.

"Are you and Mr. Graham spending the evening at home, and if so, may I join you?" he asked.

"Mr. Graham is out and I—have a headache. Please excuse me tonight."

"I am so sorry. Is there something I can do for you?"

"No, thank you. I shall go to bed and sleep it off. Good night."

"Good night—but I shall call and ask to come some other time."

A little while after I had hung up the receiver, Hetty brought me a lovely box of roses. I wished they had been some other flower—roses made me think of Leola.

What should I tell Everett? Would he be angry because Mr. Kemp had sent them? Suddenly I knew! I would do just as Leola had done—I would hold the roses close in my arms until they wilted. That Leola had done so because they were from the man she loved, and I for no reason save that she done so, never struck me as ridiculous—at the time.

Argue Seven Cent Fare Case in Springfield

By Associated Press Leased Wire
Springfield, Ill., Oct. 3.—Attorneys for the Chicago surface lines appeared in the Sangamon county circuit court this morning and filed a formal motion of appeal from the decision yesterday of Judge E. S. Smith, reversing the order of the public utilities commission which granted a seven cent fare to Chicago surface lines.
After arguments on the motion had been made, Judge Smith adjourned court until 1:30 p. m. with the announcement that he would give a decision at that time.
Reversal of the commission's order permitting the fare increase was due to the fact, as stated in Judge Smith's opinion yesterday, that the city was not permitted to offer evidence intended to show that the seven cent fare was unjustifiable.
Attorneys for the company in their arguments contended that since the case was remanded for further hearings the seven cent fare should be allowed to stand pending final disposition.

ELKS' SMOKER WILL BE BIGGEST EVENT

The House committee of Dixon lodge No. 779 B. P. O. Elks is making elaborate arrangements for the annual smoker for members and invited guests Tuesday evening, to which each Elk is expected to invite a non-member friend. The "doings" will start at 7:30 o'clock and will continue until midnight, and during the interim there will be an athletic show, some singing by two entertainers, orchestra music, plenty of cigars, billiards, card games and "cats." It is expected that several hundred men will enjoy the affair.

The grocery at 719 North Crawford known as the Bovey Grocery Co. will now be known as the Smith & Owens Grocery Co. SAYS GARY SOWS ANARCHY'S SEED IN HIS DOCTRINE

By Associated Press Leased Wire
Washington, Oct. 3.—In refusing to arbitrate the steel strike, Elbert H. Gary, chairman of the board of the United States steel corporation, "is sowing the seeds of anarchy," the senate committee investigating the strike was told today by Michael P. Tighe, president of the union of iron, steel and tin workers.
"I was very much put out yesterday by Judge Gary's refusal to compromise or arbitrate this issue," said Tighe. "He is sowing the seeds of anarchy; promoting the insidious doctrine that there is no way out of industrial difficulties except by the destruction of one side or the other."
Tighe reiterated that the "closed shop" was not an issue and said the union leaders could not comply with President Wilson's request to postpone the strike until after the industrial conference next week because the I. W. W. organizers were active among the men and would have succeeded in calling some "sporadic strikes."
